Packaging and imagery

White cartons and restrained kraft pouches.

One wordmark across cartridges, batteries, gummies, cookies and brownies.

Use a narrow mood-colour stripe; do not recolour the wordmark.

Show the exact product format and colour, with unclipped packaging.

Reusable 510 batteries have a threaded socket and no built-in mouthpiece.

Disposable pens have a sealed integrated mouthpiece.

Do not substitute one format for the other.

Important production notes

Current catalogue photography is AI-generated concept imagery.

It is not verified photography of manufactured products.

Device geometry, packaging and printed details need production approval.

The downloadable wordmark is a vector recreation in the packaging style,

not a supplied original master logo. Approve it before printing.

Do not publish unverified ingredient, testing, or health claims.

Founding year must be confirmed before adding it to the brand story.
